UXDesign Content Strategist

U.S. Bank (June 2019 – March 2021) Minneapolis, MN

- Championed accessibility (A11y) by testing and optimizing PDFs, fixing authorable defects, creating defect-free HTML webpages and consulting with the A11y team on training and ongoing projects. Also tested components and pages for functional and A11y defects using Deque automated tools.
- Built pages and published content & assets using Adobe Experience Manager. Helped plan and test new components. Optimized content to ensure brand and web style compliance.
- Partnered with A11y, marketing, developers, designers, SEO and tagging teams to ensure a top-quality digital experience for all users. U.S. Bank Spot Award winner for volunteer effort.
- Acted in a leadership capacity by creating an Authoring Community of Practice (COP) team to share best practices, by organizing and leading COP meetings and by leading content strategy for several BAU (business as usual) dotcom projects. Also mentored co-workers.
- Wrote content for internal SharePoint sites, wrote error messaging, created documentation.

- Member of Agile journey team, using Jira to log stories, defects and time.

AEM Content Author

U.S. Bank, contractor through Matrix (January 2019 – June 2019)

- Built, updated and published pages, fragments and assets using AEM to ensure a consistent experience on usbank.com.
- Partnered with A11y, marketing, developers, designers, SEO and SiteCat tagging teams to ensure a top-quality digital experience for all users.
- Led content strategy on promotional projects.

Digital Content Management Specialist

Hanley Wood Marketing (September 2011 – January 2019) Minneapolis, MN

- Tech lead and senior CMS expert on phase of website migration to Adobe Experience Manager.
- Created, tested and maintained digital content within content management systems including AEM, TeamSite and WordPress.
- Collaborated with editorial and design staff to ensure content met clients' expectations.
- Proofed content and ensured writing, SEO and web style guidelines were adhered to.
- Recommended specific CMS template layouts based on client and project needs.
- Coded and edited HTML emails.

Copy Editor/News Editor

Internet Broadcasting (August 2007 – August 2011) St. Paul, MN

- Edited with speed and accuracy for more than 60 TV stations' websites nationwide.
- Led client consultations, rewrote headlines using SEO strategies and offered writing tips to editors.
- Created and posted news & images using the company's CMS.

EDUCATION

Full Stack Web Development Certificate from University of Minnesota bootcamp (Oct. 2021)

Bachelor of Arts from the University of Minnesota

Double major: Journalism, Middle Eastern Studies
